

NEWS RELEASE

Refinverse, Inc.

~Aiming to Stimulate the Recycling of Fishing Nets and to Form a Recycling-oriented Society~ Provision of REAMIDE Recycled Nylon Resin to the DAIWA Fishing Brand

Refinverse, Inc. (Head Office: Chuo-ku, Tokyo / President and CEO: Akira Ochi) manufactures and sells REAMIDE nylon resin. We make this REAMIDE by recycling discarded fishing nets said to be one of the causes of the marine pollution problem. We have collaborated with various companies working proactively to solve environmental problems.

We have now started providing REAMIDE to the DAIWA fishing brand of GLOBERIDE, Inc. (Head Office: Higashikurume-shi, Tokyo / President: Kazunari Suzuki). GLOBERIDE, Inc. creates new value from discarded fishing nets by recycling discarded fishing nets as apparel items and then providing them to those involved in fishery cooperatives.

Raincoats and Other Products Produced Using REAMIDE

An exhibition introducing this initiative will be held in Omotesando Hills - the official venue of Rakuten Fashion Week TOKYO 2022A/W held from March 14 (Mon) to 21 (Mon). This will feature an explanation of the recycling process for discarded fishing nets, a display of actual recycled materials such as REAMIDE and a display of completed apparel products.

*Please see below for details.
