

NEWS RELEASE

July 4, 2023

REFINVERSE Group, Inc.

Provision of REAMIDE® Recycled Nylon Resin to Dream Factory Inc.

Refinverse Inc. (Head Office: Chiyoda-ku, Tokyo / President and CEO: Akira Ochi) manufactures and sells REAMIDE® nylon resin. We make this REAMIDE® by recycling discarded fishing nets said to be one of the causes of the marine pollution problem. We have collaborated with various companies working proactively to solve environmental problems.

We have now provided REAMIDE® to the DOCTORAIR total body care brand developed by Dream Factory Inc. (Head Office: Kita-ku, Osaka / President: Kaoru Inoue; hereinafter “Dream Factory”). Dream Factory released limited quantities of 3D Neck Massager Premium and 3D Massage Pillow S products in the brand using fabric made in part from discarded fishing nets on the official DOCTORAIR online store on June 26 (Mon), 2023.

*Please see the Dream Factory website for the product details (<https://www.dr-air.com/jp/ja/bluelife/>).

We manufacture REAMIDE® recycled nylon resin from fishing nets through cooperation with the Morito Group which is similarly a partner company in the ALLIANCE FOR THE BLUE initiative in which we participate. Dream Factory then produced these products using fabric made in part from that REAMIDE®. In addition, part of the proceeds will be used to preserve the marine environment through ALLIANCE FOR THE BLUE.

Commercialization Process

Fishing Nets Used for Fishing and Discarded

Made from Fishnet
REAMIDE

Fabric Produced Using REAMIDE®

We will continue to collaborate with various companies and to develop materials and applications to add higher value to recycled materials as well as recycling discarded fishing nets and airbags. Our aim with this is to realize a sustainable society.

*REAMIDE is a registered trademark of REFINVERSE Group, Inc.
